

About Your Guide:

With over 25 years experience fishing our S.W. Washington rivers, Robin Nelson has developed into an expert guide. Robin has expanded his services by the addition of a new 17' x 60 " Willies Drift Boat to better access the smaller tributaries of the Columbia, Chehalis, and Olympic Peninsula rivers. Your guide has spent many years fishing the productive waters of the Cowlitz and Columbia Rivers, where he began his business.

He knows how to be productive, using many different techniques to match river and weather conditions and increase your chances of a limit of fish!

Robin is a pro staff member of:

What's Provided

Greenwater Guide Service offers Jet Sled and Drift boating experiences. You will fish from either a 23' Alumaweld Super Vee or a 17' Willies Drift Boat. Each offer plenty of room and are heated for that chilly morning on the river. We provide all your fishing gear including rods, reels, tackle, and bait. Safety is our first priority. Each vessel is fully equipped with all necessary emergency safety equipment.

Booking Your Trip!

It is important to communicate what you are looking for in a guided trip. Whether it is you first time fishing, want to learn new water, a family outing, Corporate Rewards Program or need an enjoyable day of relaxation, Greenwater Guide Service will accommodate your needs. Call or e-mail Robin to reserve a date for your fishing trip. We can accommodate Large Groups and Corporate Trips upon request!
